## Jerry Travers Tells How He Won a Championship Just Because Ball Hit a Spectator.

By GRANTLAND RICE. By GRANTLAND RICE.

Raschall and football have their audient upsets, where in a flash the entire situation is turned upside down. No situation is turned upside down. No situation is the Bowl can ever forget of 1914 in the Bowl can ever forget fale hammering at Harvard's line fale hammering at Harvard's line fale hammering at unchadown, only within twe yards of a touchdown, only the have Coolidge grab a fumbled bail, to the fall of the points into a Harvard points—a difference of 12 points within one-third to minute.

sminute.
But neither football nor baseball but neither football nor baseball rry any swifter upsets than golf, the golfer who hangs on doggedly refuses to quit, a hole is never lost Scotia's gripping sport until the using putt has gone down.

At Pinehurst recently we saw two fers playing the sixteenth hole. It had come through fifteen holes even in their match. A had gotten a deep frap and finally put his the shot ten feet over the sand. forty feet beyond the pin. With traight blows he was ten feet of the sand in two.

In the sand in two.

In the sand in two.

two strokes on A, and they equal distance from the cup-on the hole. How? By chip-approach into the cup for a B, suddenly jolted, was short, d then missed a two footer. In one of A had picked up three strokes and a wen a hole which seemed to be

Il never forget an amazing up-h took piace at Detroit—one lost astounding we have ever ax Marston and Howard Lee le to the thirty-fifth tee all direction had a straight drive, the edge of the green in two in four feet of the cup on his

three fine ones. Then Lee, who st missed three short putts on at three greens, sunk this long d get his half when Marston

North and South champion-Pinehurst last March, Jesse the Intervale mortar, and obeson came to the eighteenth

Experienced golfers and those who kee studied the game know how these spets may come, and so never give upgress may come, and so never give upgress.

## Women Swimmers Soon to Test Their Speed

championships for women appears to have been favorably settled at a recent meeting of the Amateur Athletic Union committee. One of the delegates stated that a few title events would be sanctioned and that one, at least, would be held in this district, under the supervision of the People's Palace, Jersey City. As several of the speediest mermaids in the United States are to be found in New York and Philadelphia, the contest for supremery should be championships for women appears to the contest for supremacy should be among the most interesting features of STEPHENSON DOUBLE

the indoor season.

Three of the girl swimmers expected to start are Miss Olga Dorfner, of the Philadelphia Turngemeinde, a many time champion and record holder; Miss Claire Galligan, of the National Women's Life Saving League, who covered the furlong within a few seconds of world's time last month, and Miss Marguerite Brack, of San Francisco, reputed to be the fastest all 'round swimpured to start are Miss Olga Dorfner, of the Philadelphia Turngemeinde, a many time champion and record holder; Miss Claire Galligan, of the National Women's Life Saving League. in Meet for This

District.

The question of national swimming championships for women appears to

mer of her sex in California.

The victory of Clement Browne, of the Hamilton Club, Chicago, in the one mile swimming championship of the central district stamps this remarkable nineteen-year-old waterman one of he most promising milers ever developed in this country. He covered the course in 23 minutes 49.4-5 seconds, the best indoor performance since C. M. Daniels hung up the present record of 23 minutes 49.5-5 seconds, under similar conditions in a 60-foot pool. But Daniels was older by several years, and far more experienced, when he accomplished the feat.

Browne's mark also bears comparison with the outdoor American figures set recently by Ludy Langer, of the Los Angeles Athletic Club. The Californian did 24 minutes 59.2-5 seconds over a 110-yard open water course. Now, it is calculated that a mile swimmer gains approximately one second from the push off at each turn. Considering then that Browne enjoyed 37 turns. Langer 15, the advantage secured by the former may be roughly estimated at 1 minute 12 seconds, pracing his actual swimming time only a couple of seconds for 150 yards two weeks ago, is preparing to attack the world's standard of 2 minutes 25 2-5 seconds for the only was he the high scratch gunner
